Clues

8 has to go on H1 which means an 8 on G4 or G5 and an 8 on A4 or A5. The vacant square is D6. I5 is a Niner.

B5 is 3, a perfect example of Congruence. 3 is on rows 4 and 6 in segments 5 and 6. # 7 and 9 are Pairs on rows 5 and 6 and the B file. This means # 7 and 9 on A4 and C4, leaving 8 on G8 as the only square. This compresses 6 that has to be on H4 or H6, giving a Niner on H3. It also gives a Pair, # 4 and 5, on I8 and I9.
